Dear Ms. Koch,

Many thanks for your message regarding the Barboni cabin in Sequoia National Forest.

Upon receipt of your letter, I contacted the Forest Service on your behalf about the possible termination of the Barboni's special use permit. I'm pleased to tell you the Forest Service has resolved the public parking needs in the area of the Barboni's cabin and has extended the Barboni's permit. Enclosed is a copy of the full report I received from the Forest Service.

With best wishes,

Sincerely,

Alan Cranston
